

## What is a Trek?

A long journey through hidden valleys where there are few, if any, trails. A trek involves days of hard work, adventure and discovery.

**Everyday we face choices that affect our lives.**

Some choices are easy, some are not. With so many options and so many voices calling to us, how do we know which way to go?

For over 16 years, The Trek has been using Biblical principles to help teenagers and adults to heal the past, discover their gifts and to take a stand for what they believe.

The Trek curriculum features interactive lessons, experiential education, peer support and personal reflection to enable students to develop the tools necessary to succeed.

"The Trek" is a new project of Northern Lakes Partners and is working closely with Crescent Lake Bible Camp to help it fulfill its purpose of "changing lives".

The Trek began as a devotional series for a "wilderness-based" teen program. In that time, hundreds of campers discovered the truth of God's Word as it relates to their lives.

The Trek - Teen Camp, hosted by Crescent Lake Bible Camp, helps teenagers to build on the positive areas in their lives and to work on identifying and strengthening sections that need help.

The Bible will be our primary textbook and campers are encouraged to bring one with them. If they do not have one, Crescent Lake Bible Camp will provide one.

Using a Biblically-based curriculum, teens will learn about a variety of topics, including:

- Communication
- Conflict Resolution
- Personal Responsibility
- Relationships (both healthy and unhealthy)
- Self-Image

During the "down times", students will have the opportunity to go waterskiing, climb the new climbing tower and much more. All camp activities are included in the price of the program!

We will be offering this program during the week of June 12 - 18, 2011. The program fee includes all course materials, meals, lodging and recreation.

***The Trek program is only \$295.00  
for the entire week!***
